HOW TO ORDER BY MAIL

The order form on the next page may be used, or you may simply fax or write us a letter, listing each item on a separate line. Be sure to state the make, model and year of manufacture and serial number of your plane to assure a proper fit. When ordering cushion upholstery and wall panels, it is advisable to send us photos of your interior, as some models were available with optional type seating arrangements. Photos make it possible for us to identify the type you have. Check your log book for any indications of alterations, such as added rear windows, chair replacements or re-vamped cushioning. Such information may not have been recorded; thus the desirability of photos. The responsibility is yours if you fail to supply sufficient information.

LOSS OR DAMAGE

Shipments should be inspected immediately upon receipt for shortage or damages and any claims should be placed with the delivering carrier together with the receipt bearing the driver's acknowledgement of the loss or damage noted thereon. Our responsibility ends with acceptance by the carrier.
